

July, 2024

Dear Community Supporter,

My name is Drayton Kamberling, and I am the Lisbon Parks & Recreation Director. Prior to becoming director, I was a volunteer with the Parks Department, refereeing several sports programs and assisting the previous director with field setup and maintenance throughout the last few years.

Lisbon Parks & Recreation holds a long tradition of recreation programs for children. The purpose of these programs is to encourage teamwork, friendship, sportsmanship and fundamental instruction through a variety of different activities. Last year over 500 children participated thanks to the help and support of all of you!

The department would like to continue these traditions and diversify our activities. Lisbon Parks & Recreation's goal is to make improvements to parks and green space, provide citizens with new events and programs, and partner with existing organizations. The department is also excited about the new land purchase that the City of Lisbon has made to develop a sports complex. Work on this project has already started!

If you would like to sponsor our programs, please fill out the portion below and return to Lisbon City Hall at 115 North Washington Street PO BOX 68 Lisbon, Iowa 52253. Thank you in advance for your consideration and support of Lisbon Parks and Recreation.

Sincerely,

**Drayton Kamberling**

Park & Recreation Director
